Current Role: Beverage Specialist at Avantcha Tea, Dubai
Experience: Over 5 years in Dubai's specialty coffee, tea, and hospitality scene (Avantcha, Bateel, Mawaheb Café, Mugg & Bean – South Africa)

ABOUT EXECUTE

Execute was born from passion, precision, and creativity — merging mixology, specialty tea, and modern beverage innovation into one refreshing brand.
It represents more than just drinks — it's a lifestyle of clarity, focus, and excellence.

After 5 years working with Dubai's finest cafés and hospitality brands, I noticed a gap between quality handcrafted beverages and the fast-paced lifestyle of the UAE.
Execute bridges that gap — offering barista-quality drinks, ready-to-go, sealed for freshness, and designed to energize and inspire.

FOUNDER'S STORY

My journey began in Dubai's thriving hospitality scene — from working with **Bateel International**, learning luxury presentation and service excellence, to **Mawaheb Café**, a creative studio for people of determination, where I managed the café operations — a deeply rewarding experience that shaped my leadership and compassion.**Bateel**, learning luxury presentation and service excellence.
Later, I joined **Avantcha Tea Bar**, mastering the art of tea and matcha.

With pre-opening experience in **Dubai and South Africa (Mugg & Bean)**, I've learned to build beverage concepts from the ground up — from recipes, equipment setup, to staff training and guest engagement.

Now, I'm bringing that knowledge to **Execute** — to craft a beverage experience that embodies **discipline, creativity, and innovation**.

VISION & MISSION

Vision:
To become Dubai's leading modern beverage brand — known for creativity, quality, and conscious living.

Mission:
To deliver a seamless experience where mixology meets mindfulness, providing freshly made, health-inspired beverages that elevate everyday moments.

MARKET POSITIONING

Dubai's beverage market is rapidly expanding, driven by social media trends and tourism growth. Tourists and locals alike are searching for Instagram-worthy drinks, premium matcha experiences, and mocktail culture that fits Dubai's non-alcoholic lifestyle.

With the rise of health-conscious consumers and visually engaging content, **Execute** aligns perfectly with this evolution.

Market Insights

- Dubai welcomed over **17 million international visitors in 2024**, ranking among the top 5 tourist cities globally.
- Non-alcoholic and functional beverages are projected to grow by **8–10% annually** in the GCC.
- "Matcha," "bubble tea," and "mocktail" are top beverage hashtags in UAE's TikTok and Instagram trends.

Execute positions itself at the intersection of premium quality, creativity, and convenience — a fresh, sustainable, and social-media-ready concept.

UNIQUE SELLING PROPOSITION (USP)

What sets **Execute** apart is the **fusion of coffee, tea, and mixology techniques**:

- **Matcha Ceremonial Blends:** Using Japanese matcha with modern mixology methods — cold shaken or layered with syrups and fruit bases.
- **Mocktails Reimagined:** Non-alcoholic cocktails inspired by global flavors and Dubai's luxury lifestyle.
- **Artisan Juices:** Freshly squeezed and bottled for convenience and freshness.
- **Bubble Teas:** Chewy textures and colorful visuals that drive social media engagement.

Each drink is crafted for visual appeal, taste balance, and modern health values, presented in eco-friendly sealed bottles that maintain quality and freshness.

PRODUCT MENU – 15 SIGNATURE DRINKS
